Petruzzi Industria Grafica is based in Città di Castello, Umbria, considered a leading industrial district in the printing sector. High quality and excellent service are guaranteed by the company, composed by printing professionals and collateral staff. Petruzzi Industria Grafica has been operating in the printing sector for sixty years, and was also selected by Maestro Alberto Burri and several other international artists for the design and printing of their catalogues.

We provide customers with a graphic design studio, pre-press, editorial, educational, commercial and artistic offset printing, along with all types of binding, mailing, warehouse management and shipping, ensuring a punctual service at the best value.

The factory of Petruzzi Industria Grafica hosts in its 8,000 square meters the pre-press and printing departments, warehouses and offices. With state-of-the-art equipment, the company can manufacture all formats. Ongoing further training of the staff is managed by the best schools and by specialized consultants to enhance the human factor, vital core of every production process.
